DETAILED ACTION

Claim Objections

Claim 1 is objected to because of the following informalities: it is not clear what applicant intends with the phrases of "on the one hand" and "on the other hand".

Appropriate correction is required.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claims 1, 6, 10, 18.

It is not clear what applicant intends to encompass by limitation of "solid laser pump source".

It is not within the claim language, what applicant is claiming by "7, 5 m", is it 7.5 m or if it is 7 or 5 m.

It is not clear within the claim language, what applicant intends to encompass by the limitation of "the ABCD propagation matrix" and "unit matrix".

Claim 1 recites the limitation "the ABCD propagation matrix" in line 17. There is insufficient antecedent basis for this limitation in the claim.

Claim 1 recites the limitation "the unit matrix" in line 18. There is insufficient antecedent basis for this limitation in the claim.

Regarding claims 3, 13, 14.

Applicant has failed to define "n" within the claim language.

Claim 4 recites the limitation "the front" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 13 is rejected under 35 U.S.C. 102(b) as being anticipated by
Prasankumar et al.

Figure 1 illustrates two planar mirrors (M3, OC) and two concave mirrors (M1, M2), where planar mirror (M3) is tilted.

Allowable Subject Matter

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-12, 14-18 depend from claim 1.
